KX-FT932HK

Personal Fax

- Caller ID Compatible*1
- Out-of Paper Reception*2
- Automatic Document Feeder (10 pages)

COMPACT PERSONAL FAX

Caller ID

Caller ID*1 | Out-of-Paper Reception*2 | Feeder

KX-FT932HK

Ideal Communication System for Home and Office.
Compact, Convenient and Easy to Use

Caller ID*1 Ready

With caller ID compatibility, you can view the name or number of your incoming callers on the LCD screen before you answer the call. You can edit and store the caller ID memory, and even print the list for your records.

Out-of Paper Reception*2

The unit can store up to 28 pages in its built-in memory when the unit has run out of paper. This feature can be utilized for broadcasting.

Automatic Document Feeder (10 pages)

Great for multi page documents, the automatic feeder lets you send or copy up to ten pages at a time, without tedious manual feeding.

Advanced Features

Directory Dialing

The KX-FT932HK has 100 phone directory entries to program the names and phone numbers for quick recall and dialing. The unit has 10 one-touch dialing stations with upper/lower key, for most frequently dialed number or emergency number.

Sequential broadcasting (20 Locations)

If you are sending the same fax to multiple locations, you can program the unit to do so automatically. Documents are stored in memory and faxed in succession to each of the locations you program.

Navigator Key for Easy Operation

Just use the navigator key to look through your directory list, and when the name you want appears, lift the handset, and the number will dial automatically. This key lets you control the system features and operating modes, as well as caller ID memory.

64-Level Halftone

You can send or copy everything from family photos to company documents in almost their original beauty, with the clarity and detail of 64 level halftone reproduction.
